Curicyn™ Eye Care Solution for all Animals

Curicyn fast acting *Eye Care Solution* is the *Original Formula* modified to make it more suitable for animal eye application. It is packaged in a 2 oz. twist open dropper bottle. The Curicyn Eye Care solution helps remove bacteria, reduce inflammation, soothes and calms red, itchy, irritated eyes. Cleans and aids in the prevention of a variety of eye related issues in all animal species. Will not burn or sting when applied.

Recommended use:

- Conjunctivitis/ Pink Eye
- Eye Injuries
- Goopy Eye
- Burning or Dry Irritated Eyes
- Irritation from Insects
- Eye Cleanse/Wash

Curicyn™ Wound Care Clay for all Animals

Curicyn Wound Care Clay helps aid in the healing process on difficult to bandage wounds. Great for packing wounds and hooves. It is formulated using a combination of bentonite clay, our *Original Formula,* aloe, plus several other active ingredients that helps accelerate the healing process. Will not burn or sting when applied.

Recommended use:

- Open Wounds
- Skin Disorders
- Abscesses, Thrush & White Line Disease
- Sunburns
- Saddle Sores
- Ear Infections from Yeast or Mites
- Summer Sores
- Rain Rot
- Fungus
- Scratches/Mud Fever
- Ringworm

2 Size Options Available

- 3.2 oz container (Companion Pet or Travel Size)
- 16 oz. container (Large Animal)

Curicyn™ Dual Action Gel

Curicyn Dual Action Gel; Insect Barrier Wound Care Gel has been specifically formulated to help heal and protect, and address wounds and skin issues that are difficult to bandage in which flies or insects may be an issue. Curicyn's Dual Action Gel should not be used around the animal's eyes nor should it be used on feline species. Will not burn or sting when applied.

Recommended use:

- Open Wounds
- Wire Cuts
- Difficult to Bandage Wounds
- Forms a "Second Skin"
- Helps eliminate bacteria
- Helps repel where Insects/Flies are an Issue
- Equine and Livestock Branding
- Livestock/Calves Castrations
- Newborn Bulls/Calves Navels

Packaged in a 24 oz. Adjustable Trigger Spray Bottle

Curicyn™ Blood Stop Powder for all Animals

Curicyn Blood Stop Powder works quickly to help dry up and clot the wound site. It slows the flow of blood by constricting local vessels and capillaries. It comes in a 3 oz. twist open bottle for easy application. Just twist the cap off and you can accurately apply the powder right to the wound. The applicator can also easily reach down inside a deep wound that is bleeding. Once bleeding has stopped, *Curicyn Original Formula* or *Curicyn Wound Care Clay* can be applied to reduce inflammation and promote healing. Perfect to have on hand for emergencies.

Recommended use:

- Minor to severe external wounds
- Minor bleeding
- Superficial Cuts
- Dehorning in Livestock
- Newborn Bull/ Calf Castration
- Surface and deep wounds
- Livestock, Horses, Dogs, and Cats

Curicyn™ Hoof Care Kit for Equine & Livestock

The *Curicyn Hoof Care Kit* is an innovative product developed to address complicated hoof issues that many equine and livestock species face. Each Kit contains a specially designed absorbent, adhesive hoof pad containing an integral, formula delivery tube, *Curicyn Original Formula* (3 oz), and a rubber boot. After the pad is attached to the hoof and the rubber boot is put in place, the *Curicyn Original Formula* is poured in the delivery tube. This virtually soaks the hoof for 24-48 hours in the *Curicyn* Solution. Detailed application instructions included.

Recommended use:

- Thrush
- Abscesses
- Bruised sole or Injury
- White Line Disease
- Hot Nails
- Puncture Wounds
- Cracks

2 Size Options Available

- Single Application Pack
- 4 Pack (includes 4 individual kits)

Curicyn™ Scratches Care Kit for Equine & Livestock

The *Curicyn Scratches Care Kit* is uniquely designed and intended to address and help dry up equine scratches, or greasy heel, a persistent bacterial infection common in equine species. Each Kit contains a specially designed absorbent, adhesive pad containing an integral formula delivery tube, Curicyn *Original Formula* (3 oz), and a roll of vet wrap. Detailed application instructions included.

Recommended use:

- Scratches
- Saddles Sores
- Abrasions
- Skin Infections
- Lower Leg Injuries

2 Size Options Available

- Single Application Pack
- 4 Pack (includes 4 individual kits)

Curicyn™ Pink Eye Solution for all Animals

Curicyn's Pink Eye Solution is a gel-based product formulated specifically to address Pink Eye and its effects. It helps promote rapid healing in 1-3 days. Can be used on livestock, equine, goats, sheep, swine, companion pets and more. Easy to use. Non-invasive, one-time application.

Recommended use:

- Bovine keratoconjunctivitis (Pink Eye)
- Conjunctivitis
- Infectious Keratoconjunctivitis
- Pink Eye

Key Features

- Non-Toxic
- Non-Irritating
- Antibiotic Free
- Steroid Free
- PH Balanced
- Pre-Approved for Natural Beef and Gap Programs

2 Size Options Available

- 3 oz., Twist-open Applicator Bottle
  Note: 10 doses per bottle. Enough for 5 head (10 eyes)
- 24 oz, Adjustable, Trigger Spray Bottle
  Note 10cc for each dose; 70 doses. Enough for 35 head (70 eyes)

Curicyn™ Pink Eye Kit for all Animals

Curicyn's *Pink Eye Kit* is a multi-application kit, designed to address pink eye and its effects. Curicyn's *Pink Eye Solution* is a gel-based formula with and easy one-time application. The gel consistency helps the solution remain in contact with the entire eye to aid in a faster healing process. The biodegradable eye patches help protect the eye from environmental hazards such as dust, grass and UV rays which can stimulate the infection and helps keep the contamination from spreading. The adhesive is formulated to secure the patch for 4+ days to aid in a complete healing process.

Recommended use:

- Bovine keratoconjunctivitis (Pink Eye)
- Conjunctivitis
- Infectious Keratoconjunctivitis
- Pink Eye

Key Features:

- Non-Toxic
- Non-Irritating
- Antibiotic Free
- Steroid Free
- PH Balanced
- Pre-Approved for Natural Beef and Gap Programs

Kit Contains:

- One - 3 oz. Bottle of Pink Eye Solution (twist open applicator top)
- Five - Biodegradable Patches
- One - 5 oz. Tube of Eye Patch Adhesive

Kit contents can be purchased separately and in bulk.

Curicyn™ BodyGuard Fly, Flea, Tick and Insect Repellent for all Animals

Curicyn BodyGuard Fly, Flea, Tick and Insect Repellent is 100% non-toxic to humans and all animals. Since it works via the olfactory receptors in the pests, less product is needed on the animal. Tested more effective than major brands by a major USA University.

Product Features:

- Deet Free
- No harsh odors
- Natural Botanical Oil Based Formula
- Use on Horses, Cattle, Pets and all Animal Species
- Highly Effective!

5 Size Options Available

- 2 oz. Mister Spray Bottle (companion pet application; **travel size**)
- 8 oz. Mister Spray Bottle (companion pet application)
- 24 oz. Adjustable Trigger Spray Bottle (large animal or companion pet; most universal package)
- 1 gal. Refill Bottle (large animal or companion pet)
- 1.33gal. Pump Spray Bottle (large animal or livestock)
